What is Mini Hamur?

Mini Hamur is made from flour, salt and water mix that is completely natural play dough. It is not contain toxic material. It will not rush your children skin and it is not contain allergens inside. People can carry easily in their pocket or bag due to tiny size.

Why Mini Hamur?

Most likely big weight of other play doughs brands which you pay more, it goes easily to trash because of dough drying or colors can mix each other reason. Mini hamur is offering your children joyful time, for self lockable packaging to prevent drying, durable like first time use inside keeping package, 5 different colors in one pack reason with incredible lowest price.

How You Can Save Your Mini Hamur?

If your dough loose its softness, you can just add 1 single water drop on it and keep go on to play. Dough will be soft again. If your children stop to play dough, you can wrap your dough in a wet tissue or fabric and keep inside its lockable packaging. So you can prevent it be dried.

How You Can Clean Mini Hamur ?

Dough can joint on dresses while your children play. Please do not use any cleaning stuff or hot water. Please wait until dry on dress. Then brush the dough on dress. You can collect dried pieces with vacuum cleaner.

What Will Mini Hamur Have Benefit on Children?

- You can help your children to overcoming fears from animals or such things. You can model those animals with dough, play and remodeling another things.
- You can modeling teeth and brush. You can teach the children how they can brush their teeth truly. You can give teeth brush habit with playing.
- You can forward your children to play with dough to develop their creative skills and mind instead of all technological stuff playing such as game box, tablets tc.
- You can collect all children around the table to be separate them crowded adult meetings and give them lots of Mini Hamur to spend time together safely.
